# Find, install and publish Python packages with the Python Package Index

Or [browse projects](#)

536,682 projects

5,660,240 releases

10,986,036 files

812,746 users

The Python Package Index (PyPI) is a repository of software for the Python programming language.

PyPI helps you find and install software developed and shared by the Python community. [Learn about installing packages](#) .

Package authors use PyPI to distribute their software. [Learn how to package your Python code for PyPI](#) .
